

Ceiling Mounting Kit

RFID Solution Accessories

USER ADVANTAGES:

- Various sizes, ranging from 9.8 in to 21.9 in
- Offers flexible mounting options
- Long arm for high ceiling or wall mounting
- Brings reader closer to lane, allowing shorter read ranges for tighter security

The Ceiling Mounting Kit, or CMK, is a multi-purpose bracket that can be used as a wall or ceiling mount for all TagMaster LR-Series and XT-Series readers. The CMK assembly and configuration enables the installer to adjust the tilt and swivel angle which optimizes the tuning of the reader position. The CMK is suitable for indoor and under-cover use.
