

TagMaster NA Receives Prestigious Excellence in Trade Award

TagMaster NA has received the Excellence in Trade Award from the World Trade Center Tacoma

Tacoma, WA | December 1, 2015 — TagMaster North America's commitment to trade and growing through trade, has earned them the "Excellence in Trade" Award presented by the World Trade Center Tacoma for the year 2015.

The WTC Tacoma Globe Awards is the largest annual trade gathering in Washington State with over 400 business leaders, elected officials, and media in attendance. Previous years' Globe Award winners include: Boeing, Torklift International, Green Mountain Coffee Rosters (Keurig), Brown and Haley, Costco, Access the USA, and Sygnet Rail.

The World Trade Center Tacoma Globe Awards is an annual event set up to honor local companies for their commitment to furthering our local economy through international trade. Each year they recognize three to four businesses in different categories that embrace the mission of the World Trade Center in their goal to increase trade, here, in the city of Tacoma. This year, The World Trade Center Tacoma members recognized TagMaster North America's efforts with both the importing and exporting of goods and nominated them for the Excellence in Trade Award.

"It is an honor to be dedicated to furthering our local economy through a commitment to trade throughout the Americas and we look forward to continuing this effort." stated Ali Khaksar, president of TagMaster North America. "We have a great team that is committed to this effort and does a great job of furthering our capability to do even more in the future."

The World Trade Center Tacoma is part of a worldwide network of trade centers dedicated to furthering trade in their local economies by helping businesses succeed in the global market. The Globe Awards is the largest annual trade gathering in Washington and is hosted by the WTC Tacoma.

TagMaster North America, Inc. is the leading provider of long-range, high-performance Radio Frequency Identification (RFID) solutions for Automated Vehicle Identification (AVI) and rail bound transportation.
