

Passive UHF Vertical HangTag

Long-Range RFID UHF Tag

The Passive UHF Vertical HangTag allows for convenient, hands-free vehicle access. This tag doubles as a parking pass and an easy-identifier for lot monitors or security guards.

Tag design can be customized to meet customer preferences. Multiple color design options offer each customer a unique tag style for their installation or multiple designs to identify different parking categories. Other options include barcode and human-readable equivalent numbers to allow for automated processing and easy card issuance to end users.

Mounting Solution

Ideal for applications requiring visual identification or long-range identification, TagMaster NA's Passive UHF Vertical HangTags are easily mounted from a vehicle's rearview mirror making quick-access easy and hands-free.

KEY FEATURES:

- Battery-free
- Consistent detection range up to 25 ft*
- Operating frequency of 860-960MHz
- EPC compliant – UHF Class 1 Gen 2
- Barcodes and human-readable equivalents
- Reliable performance
- Multiple color, custom design, and logo options available

Long-Range Identification

The Passive UHF Vertical HangTag can be identified at up to 25 ft* using a TagMaster NA UHF RFID Reader. TagMaster NA's UHF tags are battery- and maintenance-free, enabling quick, reliable, hands-free access.

Applications

The Passive UHF Vertical HangTag is designed for long-range applications such as:

- Gated communities
- Airport parking & ground transportation management systems (GTMS)
- University and hospital parking
- Commercial and corporate parking areas
- Commercial vehicle management systems (CVM)

Part No. Information

Passive UHF Vertical HangTag

NA1120

Passive UHF Vertical HangTag

Long-Range RFID UHF Tag

SPECIFICATIONS

Technical Information	Passive UHF Vertical HangTag
Part No. NA1120	
Detection Range	Up to 25 ft*
Operating Frequency	860 to 960 MHz
Operating Temperature	-13°F (-25°C) to +175°F (+79.4°C)
Dimensions	2.25 in x 6 in x 0.026 in
Color	Red or White background
Encapsulation	Laminated thick polyester
Label Copy	Block type, stylized type, logos, custom designs
Compatible Readers	XT-5, Product No. 152900 XT-1, Product No. 152600 XT-Mini, Product No. 152400
Serialization	Barcodes
Minimum Order Quantities	100 standard / 1,000 customized per tag type

*Depends on Reader type and settings
